

## PRTD Access with Updated Internet Explorer Security Settings

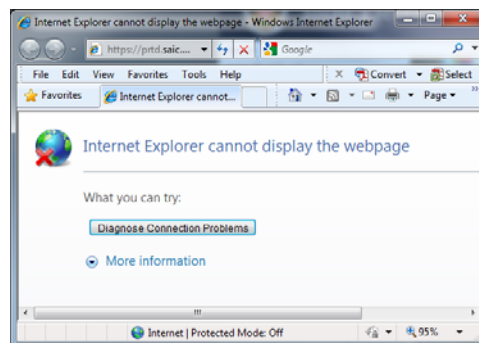

To comply with DoD security requirements, a few additional security settings have been applied to the PRTD web site at <https://prtd.saic.com/prtd/users/intro.jsp>. These new settings may cause connection problems or error messages about SSL and TLS settings from a browser, as per the below figures:

This page can't be displayed

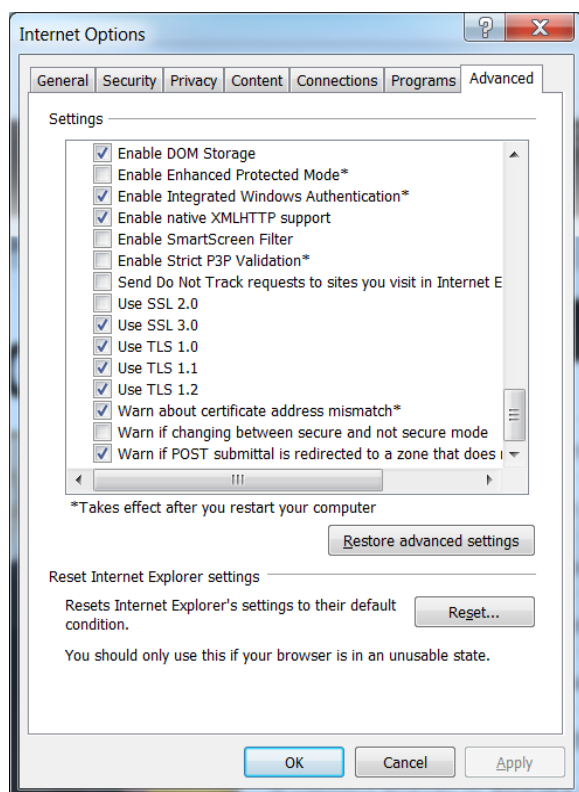

Turn on SSL 3.0, TLS 1.0, TLS 1.1 and TLS 1.2 in Advanced settings and try connecting to <https://prtd.saic.com> again.

[Change settings](#)

OR

To fix this problem, go to your Internet Explorer (IE) browser's Internet Options -> Click on the "Advanced" tab, scroll down to Security section and the Use SSL and Use TLS checkboxes. Check the Use SSL 3, Use TLS 1.0, Use TLS 1.1, and Use TLS 1.2 checkboxes to enable the settings. Click Apply then OK.

Please refresh the PRDT homepage (<https://prtd.saic.com/prtd/users/intro.jsp>) to access the site.  
Thank you.
